SITUATION SUMMARY

7.8 Magnitude Earthquake, Kathmandu, Nepal

In response to Nepal's request for urban search and rescue (US&R) assistance the United States State Department, U.S. Agency for International Development's, Office of Foreign Disaster Assistance (USAID/OFDA) has deployed two INSARAG-Classified Medium US&R teams: Fairfax County, VA (VA-TF1, identified by USAID/OFDA as USA-1), consisting of 54 personnel to include six Canine Search Teams; and Los Angeles County, CA (CA-TF2, identified by USAID/OFDA as USA-2), consisting of 57 personnel to include six Canine Search Teams. USA-1 and USA-2 are actively operating in Nepal at this time.

3.9 Magnitude Earthquake, 2 miles NNW of San Jacinto, Riverside County

- At 0039 hours on 05/06/15 a 3.9M EQ occurred 2 miles NNW of San Jacinto in Riverside County.
- The CSWC contacted Riverside County Warning Point who advised that the EQ was felt, but that there were no reports of damage or injury.
- The CSWC spoke with the DWR on-call contact person, who advised per State Parks: inspections were conducted on the Perris Dam and surrounding infrastructure and no abnormalities were found. There are no reports of damage to the dam or surrounding infrastructure.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- A cold storm system will bring rain and mountain snow to the central California interior Thursday through Friday. Isolated to scattered thunderstorms with small hail will be possible in the San Joaquin Valley and adjacent foothills Thursday afternoon and evening, with a slight chance of thunderstorms Friday afternoon and evening. Up to 4 inches of snow could accumulate above 6000 feet in the Southern Sierra Nevada with greater accumulations possible over the higher elevations of the Sierra Nevada.
- A tightening onshore surface pressure gradient will bring gusty onshore winds to the Antelope Valley at least through this evening. The strong onshore winds may create areas of blowing dust and sand on area roadways and create hazardous driving conditions for high profile vehicles due to strong cross-winds. Visibilities may drop in blowing sand and dust to near zero at times, especially across Highways 14 and 138.

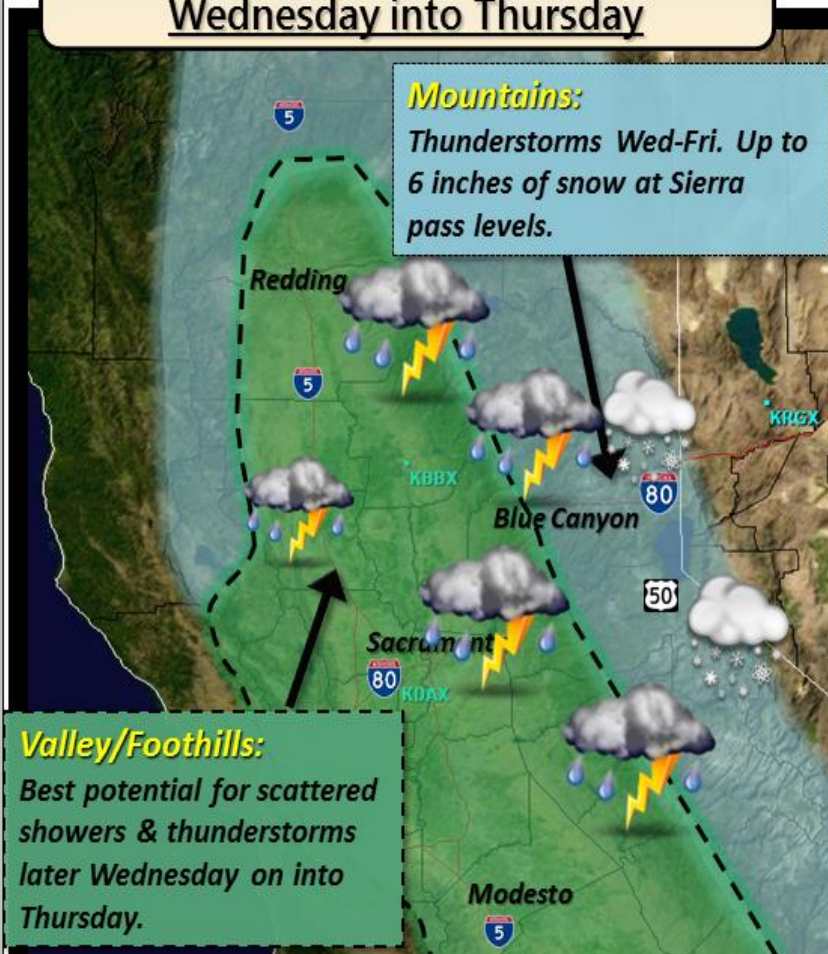

Active Weather Warnings, Watches and Advisories by County: http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php

Cooler & Wetter Wednesday through Friday

Greatest Weather Impact later
Wednesday into Thursday

Mountains:

Thunderstorms Wed-Fri. Up to 6 inches of snow at Sierra pass levels.

Valley/Foothills:

Best potential for scattered showers & thunderstorms later Wednesday on into Thursday.

Snow Impacts:

Travel delays, slippery roads, and possible chain requirements on **I-80** and **US-50**.

Photo: Stephen T. Coleman

T-Storm Impacts:

Lightning, local heavy rainfall, may affect travel and outdoor activities.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An upper trough will slowly sink south over California this week however conditions will remain mostly dry with only a few isolated showers over the interior mountains. Temperatures should continue to be seasonal over the next few days.

Medford Weather:

Latest guidance is in good agreement and shows a low over north-central Oregon this afternoon; moving into northern California by tomorrow. This system has very little moisture to work with, so it isn't expected to do much, but it will bring clouds and a few showers from north to south later today with a slight chance for thunderstorms. Showers should diminish tonight as daytime heating wanes, and then they will redevelop tomorrow, primarily over Siskiyou and Modoc Counties.

Reno Weather:

Low pressure dropping south from the Pacific Northwest will bring a cooling trend through Thursday, and increasing chances of showers from tonight through Friday, with snow likely in the Sierra. Warmer conditions and decreasing shower chances return for the weekend.

San Francisco Weather:

Quiet weather conditions are expected today with temperatures running a few degrees below seasonal averages. There is a slight chance of showers and thunderstorms Thursday and Friday mainly over the mountains as an upper level system moves in from the north. Dry weather conditions and slightly warmer temperatures return for the weekend as the system shifts inland.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

Sierra thunderstorms possible this afternoon as transition to more unsettled pattern begins. Low pressure dropping southward from the Pacific Northwest will bring a chance for showers and thunderstorms, mainly to the mountains through the end of the week. Near normal temperatures through the end of the week can be expected then warming over the weekend. Breezy north winds Thursday. A chance of showers or thunderstorms will be possible again early next week mainly northern mountains.

Hanford Weather:

Showers and isolated thunderstorms are possible along the Sierra Crest this afternoon otherwise dry weather will prevail over the area through late tonight. A winter-like storm system will arrive by Thursday morning and bring much cooler weather and chances of showers and isolated thunderstorms through Friday. High pressure will return by the weekend along with dry and warmer weather.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Extensive low cloudiness along with patchy drizzle will continue today as strong onshore flow remains in place. A low pressure system will arrive tonight and bring a chance of showers and thunderstorms through Friday night. Gusty onshore winds will continue in the mountains and deserts the next few days. Temperatures will remain below normal this week then warm to above normal by next week as high pressure builds in.

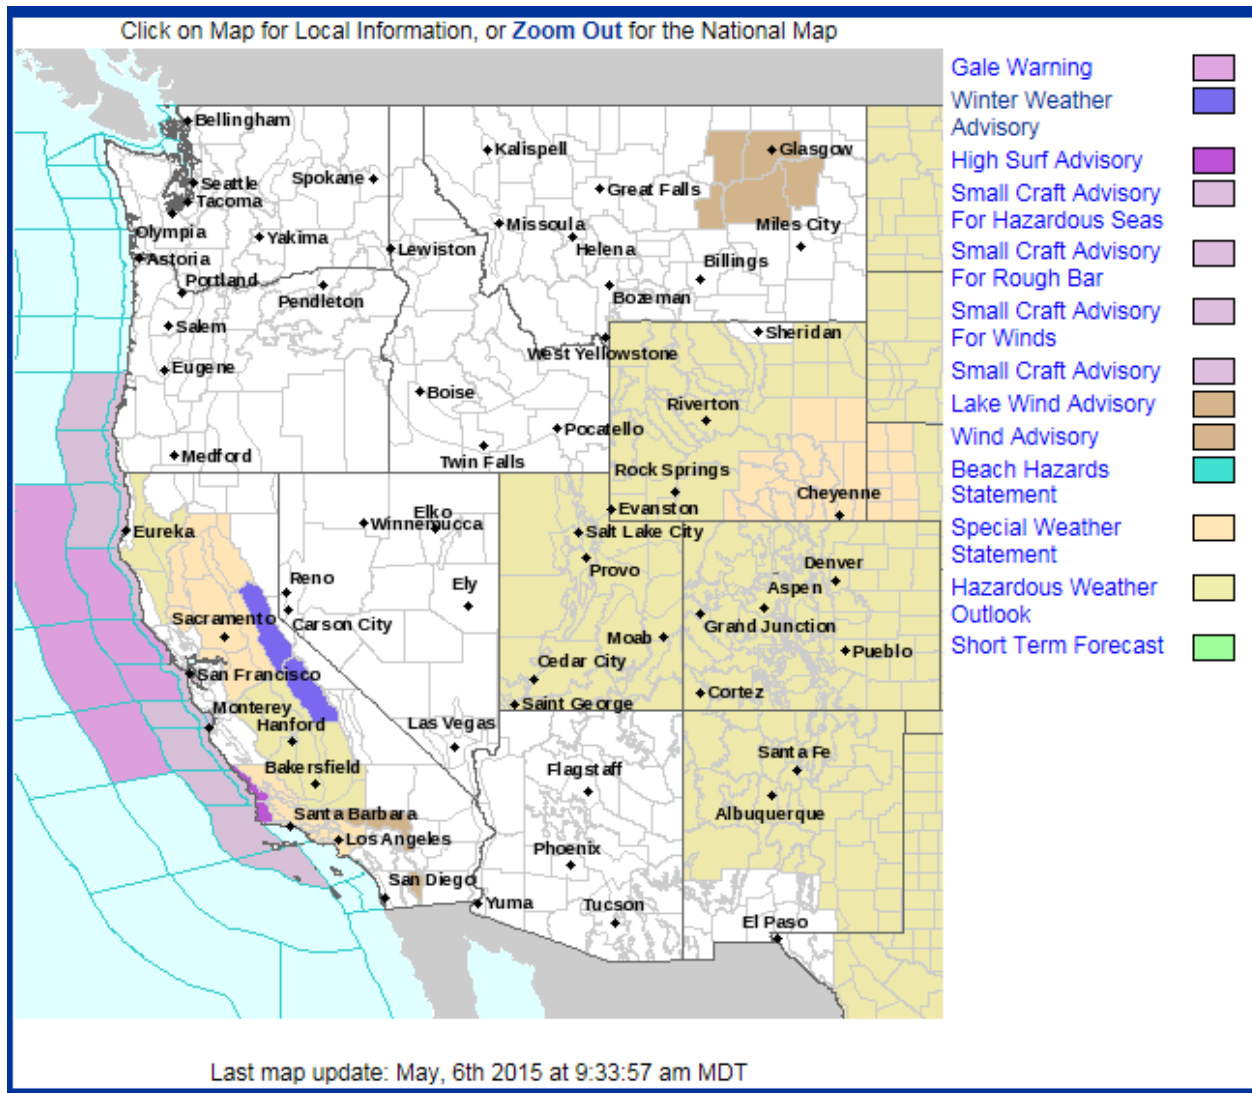

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A weak low pressure system moving inland through Southern California today will maintain stronger onshore flow with minor inland cooling gusty west winds in the mountains and deserts and a deep marine layer with night and morning coastal low clouds and fog extending inland onto the lower coastal mountain slopes.

Southeast California Weather:

Drier and breezy conditions will occur through Thursday before a strong eastern pacific weather system moves into the region by Friday. This system will bring even cooler temperatures continued gusty winds and more precipitation chances into Saturday. A slow warming trend commences through the weekend into early next week as high pressure gradually rebuilds over the desert southwest.

RECOVERY ACTIVITIES

Round Fire, Mono County

- On Day 29, received confirmation sampling results from six sites and two re-tests. Of the six, four sites were below objectives and two were not. Of the two re-tests, both were below objectives. All hazard trees were removed on Day 29. Hydro-seeding of private lots started.
- Tree falling crews completed removing, bucking, and chipping hazard trees on the private home sites. Contractors continued installing erosion control devices and working on final punch list.

Project Totals as Day 29:

37	Homeowners who registered for the removal project.
4	Homeowners that denied entry.
38	Initial site assessment/site documentation complete.
38	Asbestos survey completed and results received.
37	Debris removal completed.
37/35	Confirmation sampling completed/approved.
34	Tree Removal Completed (35 homes have hazard trees).
0	Erosion Control Completed.
0	Approved by County for Building Permit.

Estimated Daily Tonnage:

Category	Day 28	Day 29
Debris/Ash	0	0
Soil Disposed	0	0
Metal Recycled	0	0
Concrete Recycled	0	0
Total	0	0

Estimated Project Total Tonnage for the Project as of Day 29:

Category	Total Tons
Debris and Ash Disposed	3,459
Soil Disposed	4,480
Metals Recycled	1,476
Concrete Recycled	3,916
Total All Categories	13,331

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 56 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 10 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

UPCOMING EVENTS, TRAINING, EXERCISES

U.S. Coast Guard tabletop exercise at Yerba Buena Island

Today, 5/6/15, the U.S. Coast Guard will be having a tabletop exercise at Yerba Buena Island from 0800-1100. The scenario is the S.S. Jeremiah O'Brian (JOB), a WW2 era liberty ship, will get underway from her berth, suffer a loss of propulsion. The vessel will drift onto Alcatraz Shoal, grounding in shallow water; a) soft grounding with the danger of sinking as the tide gets lower or hard grounding, causing the vessel to sink. The purpose of the TTX is to assist the S.S. Jeremiah O'Brian and USCG Captain of the Port in evaluating and developing parts of the emergency operations manual for the JOB. The exercise will also bring awareness of mass rescue operation requirements to local port stakeholders, the need and magnitude of shore-side triage and evacuation points in the central Bay Area. Coastal Region staff, including Ports and Harbors ESC and duty officer, will be participating, as are several of the Bay Area Counties.

Marin County Wild Fire/Urban Interface Fire Incident Training

Thursday, 5/7/15 0800-1400, Marin County will holding a functional exercise and will used to evaluate county agencies actions against current response plans and capabilities for a Wild land Fire/Urban Interface Fire incident. Fire and Law Enforcement (LE) operations, Public Information Officer (PIO) operations, functional operations and hospital surge operations will be exercised. Cal OES Coastal Region staff will be in attendance as state liaison.

[CSTI Course Schedule](#)

MASTER EXERCISE PRACTITIONER PROGRAM (MEPP)

FEMA-Emergency Management Institute will be accepting applications for MEPP Series 36, 37 and 38.

The MEPP is a series of three courses (E0132, E0133 and E0136) focusing on advanced exercise design, conduct and evaluation practices in each phase of the Homeland Security Exercise and Evaluation Program (HSEEP). The MEPP assigns candidates to an Exercise Planning Team where they are challenged to demonstrate their expertise at all levels of exercise design and conduct through in-class and take-home proficiency demonstrations. Candidates apply best practices and lessons learned from their organizations and experiences, as well as, key learning concepts from the MEPP curriculum to their exercise planning team assignments.

See attachment for dates, prerequisites, additional instructions and registration information.

MEPP Applications can be submitted from May 1 – July 1, 2015 to alex.cabassa@caloes.ca.gov or by fax to (916) 845-8381

IMPORTANT NOTE: California responders applying for the MEPP program cannot substitute the California Homeland Security Exercise and Evaluation Program course CA-002-COMM as a prerequisite for the new L/K0146 Homeland Security Exercise and Evaluation Program (HSEEP).

K0146 can be completed by visiting <http://www.training.fema.gov/emi.aspx> selecting dates for the on-line K0146 and submitting a FEMA Form 119-25-1, by fax or email to: alex.cabassa@caloes.ca.gov or FAX (916) 845-8381
